

PRESS RELEASE | BUDAPEST, OCTOBER 2025

# Loxon strengthens its position at #52 in Chartis RiskTech100® 2026 rankings

Loxon, a trusted provider of **end-to-end credit management business solutions** for banks and financial institutions, has retained its **#52 position** in the prestigious **Chartis RiskTech100® 2026** rankings, reaffirming its place among the world's leading **risk-technology providers**.

The recognition highlights Loxon's continued innovation, deep industry expertise, and trusted role in enabling banks and financial institutions to manage credit risk effectively across the entire lending lifecycle.

*"This recognition gives us renewed energy to stay at the cutting edge of risk technology,"* said **Tamás Erni**, Managing Partner at **Loxon**. *"As AI and regulation continue to reshape the financial industry, our focus remains on helping our clients adapt to change, stay resilient, and achieve their goals."*

**Tamás Erni**  
Managing Partner,  
Loxon

*"Loxon has maintained a consistent and continuous presence in RiskTech 100 for many years,"* said **Sid Dash**, Chief Researcher at **Chartis**. *"This is largely due to a robust offering underpinned by effective and well-defined credit processing and reporting."*

**Sid Dash**  
Chief Researcher  
Chartis

Loxon's strong and steady performance in the **Chartis RiskTech100®** reflects the strength of its AI-powered, data-driven platforms and deep expertise in credit and risk

management. Through its integrated solutions, Loxon enables financial institutions to strengthen credit-risk control, enhance collections, reduce credit losses and non-performing loans, and achieve sustainable portfolio growth.

## About Loxon

Loxon is a trusted business-solutions provider with more than 25 years of experience in end-to-end credit management. The company delivers comprehensive, integrated lending, collection and risk-management solutions for the financial-services industry.

## About Chartis

Our mission is to support banks, tech vendors, investment managers and insurers with independent research and advice on all aspects of risk, compliance and financial technology. With our strong customer relationships and deep technology expertise, we are uniquely able to map market trends and vendor landscapes in financial risk, trading, credit, financial crime, GRC, insurance and energy.
